& Community Services  
(559) 621-2900, [www.fresno.gov](http://www.fresno.gov)

San Joaquin River Conservancy  
(559) 253-7324, [www.sjrc.ca.gov](http://www.sjrc.ca.gov)

To get involved with the tree and shrub planting, contact:  
San Joaquin River Parkway and Conservation Trust  
(559) 248-8480, [www.riverparkway.org](http://www.riverparkway.org)

## The Project will:

- Create 150 acres of woodland, grassland, and wetland habitat;
- Install an ADA accessible trail, shade trees, picnic shelter, educational signs, and an outdoor classroom;
- Remove weeds and plant trees, shrubs, grasses and flowers, and provide irrigation;
- Create wetlands by rerouting stormwater flowing through the existing water quality treatment channel;
- Protect blue elderberries and their endangered residents, Valley Elderberry Longhorn Beetles, during construction and plant more elderberries.

San Joaquín River Parkway  
Explore. Experience. Enjoy!

**Project Partners:** California Office of the Secretary of Resources; California Department of Water Resources; City of Fresno Parks, Recreation & Community Services; County of Fresno; Fresno Metropolitan Flood Control District; San Joaquin River Conservancy; San Joaquin River Parkway & Conservation Trust; and California Wildlife Conservation Board.
